Rising Sun Lodge No. 8, I. O. of G. T. meets every Saturday evening, at St. Albans Bay.
St. John the Baptist Benevolent Society (Catholic) meets on the first and third Wednesday evening of each month at their hall over E. H. Huntington's Store.

To Advertisers.—The VERMONT DAILY TRANSCRIPT has the largest circulation in St. Albans and in Franklin County, of any daily paper, and on that account, if no other, the best medium for advertising.

Local Items.

Interesting matter, original or selected, may always be found on the first page.

OUR DAILY.—Those wishing to secure copies of our daily paper can do so at errand's and Baker's bookstores, a call as of carriers, and at the office. Copies of our weekly paper may also be had at these places.

DANCING AND DEPORTMENT.—Prof. C. Barry, of Troy, N. Y. will open a lect class, in Fashionable Dancing for Masters, and Misses and Young ladies in St. Albans on Thursday, Sept. 17 at 5 o'clock P. M. in W. N. Smith's hall. Instruction in this class, will consist of the most stylish Round Dance Quadrilles. A large number of figures of the German, together with tiquette and general deportment.

At H. L. Sampson's & Co.

THE Good Templars of St. Albans had very pleasant gathering at their Hall last evening. Mr. A. Tinker W. C. T. as Master of Ceremonies, and made a very happy speech, and was followed by C. H. Baker, Mr. Woods and D. M. Walker. Mr. R. O. Sturtevant read an interesting paper on Avarice. The instrumental and vocal music was excellent, and all present seemed to enjoy themselves in the highest degree. We understand it is the intention of the Good Templars to have these gatherings occasionally during the winter months.

BETHANY CHURCH.—This splendid edifice is now so near completion that a committee have been appointed to appraise, and we learn have appraised, the same—numbering 160—and made such rules and regulations as they deem best regard to apportioning these pews among the subscribers to the fund for erection of the Church. The Committee report to a meeting to be held this evening, when final action will be taken on the matter. We learn that the pews will range in price from \$50 to \$1,000.—*Montpelier Freeman.*

AN ANCIENT COIN.—L. S. Dutton, of Craftsbury writes the *Freeman* as follows: "I have a pistareen that I ploughed up at Concord, Mass., while turning over an old pasture near the battle ground, about twenty years ago, all bright and free, dated 1718. It was about 8 inches under ground, and the owner of the land told me the field had not been ploughed for fifty years before. It was probably lost from the pocket of some red coat, during their raid upon that town. I would like to read its history."

PROF. KING'S BALLOON DESCENT.—We have mentioned the fact that Prof. King made a balloon ascension from Rutland on Monday. We find the following particulars of his descent in the *Rutland Herald*:

Prof. King commenced to descend immediately after he went out of sight beyond the mountains on the east, landing near East Wallingford. When first seen by the people of that village, the balloon was scarcely visible in a north-western direction. A flock was then taken, going nearly east, towards Plymouth and Woodstock, and moving back for a current of air to within a mile of East Wallingford, where he landed in a pasture of W. B. Allen, in Mr. Holly. The first persons who came to his assistance were Mr. Wm. Foster and Miss Anna Harrington. By permission, Miss Harrington entered the basket, which was elevated about 150 feet, and then guided by Prof. King and Mr. Foster by means of the ropes attached to Bowville, where the lady alighted, and a Mr. Wais entered the basket, and, with the aid of the people, it was taken to the village of Wallingford. On his arrival, Mr. King was surrounded by the crowd of that place, and the citizens gave him three rousing cheers. Some time was then spent in recommitting one at a time to the boat, until fifty ladies had gone up in the balloon from 150 to 200 feet each. The citizens tender him their thanks for his courtesy in permitting them to have a slight appreciation of a ride in a balloon, and that that, when next he makes an ascension, he will allow the brave schoolmistress to accompany him—meaning Miss H. He remained at East Wallingford until yesterday morning, when he returned to Rutland.

The professor informs us that his voyage was a pleasant one, and that he ascended two miles and a half. He suffered some inconvenience from the cold, and that he suffered most from the extreme coldness of his feet, more than he ever experienced in any previous voyage. Nothing new or important occurred that was worthy of note, hence he has written no detailed statement of his trip.

THE FALL TERM of the People's Academy, Morrisville, has just commenced, with an attendance of 125 pupils.

BASE BALL.—A match game of base ball will be played on the Fair Grounds at Sheldon to-morrow, in the forenoon we believe, between a picked nine of the Sheldon club, and nine of the Eagles of St. Albans.

ISLAND POND.—The custom house at Island Pond, in July, received \$17,945.73, and in August \$13,638.91, in gold, \$13,428 pounds of wool being among the importations for the two months.

MILTON MARKET.—On Monday last, the Marris Cheese Factory sold 150 boxes cheese to Noble & Betts, of New York, for 15 cents per pound. The Milton Falls Factory sold 200 boxes to the same parties for 15 cents.

CALEDONIA FAIR.—The Fair of the Caledonia County Agricultural Society occurs at St. Johnsbury, September 20th and 25th, and Oct. 1st. Admission each day, 25c. On the first of October, the Holmes horse and Snowflake contend for the premium of \$1,000, offered by the Society.

DROWNED.—Two small boys aged six and three years, sons of Mr. Whitney of Bennington, were drowned in the Wallonsack River at Bennington on Saturday night. The body of the eldest was found during Saturday night, that of the youngest Sunday morning, the both several miles below the village.

RAILROAD INTELLIGENCE.—The passenger depot at White River Junction being insufficient to accommodate the business at the point, there is talk of building a new one by the Vermont Central, the Passumpsic and the Northern railroads.

The proposed railroad to connect the Passumpsic railroad with the Grand trunk will be put under contract in a few days, to be completed in July, 1870. It will be 132 miles long, running from North Derby to Lenoxville. This will make a direct connection with Quebec, 70 miles shorter than any other route.—*Burlington Times.*

SAD CASUALTY AT MANCHESTER.—We learn from the *Rutland Herald* that a sad casualty occurred at Factory Point, in Manchester, on Monday, about 12 o'clock a. m., which resulted in the death of a young man named John Smith. Mr. Smith was a workman in the clothes pin factory of Messrs. Sessions & Bundy, and while at work near a circular saw, by a misstep, he fell upon the saw, cutting him across the abdomen, just above right hip, at once dismembering him and winding the intestines around the shaft. He raised himself from the saw, but it became necessary to gig back the saw to disengage the intestines, and he stood by while they were being removed, simply remarking, "This is very hard." Not a groan or complaint escaped him, and he conversed freely and cheerfully, asking the physician how long he could live, and remained conscious to the last. He died at 2 o'clock on Sunday morning. Dr. Ezra Edson, of Factory Point, attended him, and did all in medical skill to render him comfortable.

GRAND ARMY OF THE REPUBLIC.—Col. George Foster organized an encampment of the Grand Army of the Republic at East Hardwick on the 14th of September, and the following officers were elected: Lewis W. Fisher, Commander; Chas. J. Bell, S. V. C.; Henry C. Stevens, J. V. C.; B. B. Prentice, Adj't.; Wm. H. Stuart, Q. M.; John Cunningham, Q. M. S.; Frank Fay, Surg.; Loren F. Minor, S. M.

PATENTS.—The following patents were issued to Vermonters on the 8th inst.:

Chas. C. Manuel, of North Troy, assignor to himself, Wm. G. Perkins, and O. N. Perkins, of the same place, for improved stamp extractor.
Joseph A. Rand, of Morrisville, assignor to Thomas A. Mitchell, of Washington, D. C., for improved clothespin, ante-dated Aug. 27, 1868.
Francis Smith, of Highgate, for improvement in horse racks.

BOOK NOTICE.—VIOLET KEITH—AN AUTOBIOGRAPHY.—This is the title of an interesting work of 472 pages, just printed by John Lovell of Montreal. Violet originates in Scotland, where her youthful life is spent in and around Edinburgh; afterwards she moves to Canada, and pursues the occupation of teacher. Something of her life is pictured and the "ups and downs" of life are magnificently portrayed. A pleasant vein, highly moral if not religious runs through the book. It is sweet and Scotchly at times, and the narrative is interesting always. Our perusal of the work has been quite hasty, but we are satisfied that every one, especially the young ladies, will be interested in reading it. Mrs. Ross, the author, comes highly recommended from Montreal to St. Albans, of whom copies of the book may be obtained.

AMONG THE SPEAKERS at an enthusiastic Grant meeting at Lafayette, Wisconsin, a few days ago, was Wm. R. Hoyt, Esq., son of the Hon. Romeo H. Hoyt, of this town.

FROST.—There was quite a severe frost last night, but and we learn that it has done damage.

AMONG THE VICE-PRESIDENTS of the Vermont State Spiritualist Association are D. B. Fay, of Williston; Mrs. Tanner, of Montpelier; Mrs. A. P. Brown, of St. Johnsbury; W. B. Parish, of Stowe; R. R. Wright, of Cornwall; Mrs. H. Slocum, of Rutland; S. P. Cheney, of Dorset; C. E. Grice, of St. Albans.

THE JURY in the case of Hotchkiss vs. Laid & Co., returned a verdict for the plaintiff for \$1,655.97 and costs.

ENGLESBY LODGE, No. 84, will hold a Special Communication to-morrow evening at 8 o'clock.

FRANKLIN COUNTY FAIR.—Little was done at the Sheldon Fair yesterday save making entries, and a trial in the afternoon of draft horses. To-day the Fair is in full blast, and we learn that the attendance is quite large.

The weather is cold to-day and fires, overcoats and gloves are things of the utmost propriety.

The palm of superiority is awarded to Mrs. S. A. Allen for her Improved (new style) Hair Restorer or Dressing, (in one bottle), and a grateful public appreciates the very low price, One Dollar. Every Druggist sells it.

THE GREAT MUSIC HALL ORGAN.—Since the introduction of this noble instrument, a higher standard of organ music has been presented to the public, and every Wednesday and Saturday noon, people from different portions of the county, who happen to be journeying through the city, gather to listen to the tones of the grand King of Instruments, and thus the taste for a purer style of organ music has, in a degree, been created. Even those who have long studied the piano are beginning to desire a class of music with sustained chords and suspended harmonies, and many are introducing into their homes the American Organ, manufactured by S. D. & H. W. Smith, of Boston, with which the excellent organ pieces may be so finely rendered and enjoyed in the parlor. These instruments have also greatly assisted in elevating the taste toward a better class of music, and have been very efficient in developing the latent talent in the home circle.—*Boston Post.*

PERUVIAN SYRUP.—This valuable medicine has been silently making its way into public favor by the numerous remarkable cures it has performed. Its singular efficacy is owing to the proteoidic of iron, which remains unchanged in the preparation, and is the only form in which this vital element of healthy blood can be supplied.

NEVER TOO LATE TO MEND.—After nearly ruining your hair by the use of hard preparations, under the name and guise of "Toilet" apply Barrett's Vegetable Hair Restorative, which not only renews but restores it to its original softness and lustre.—*Terre Haute Express.*

Sciatica is a pain beginning at the hip and follows the course of the sciatic nerve, and is generally a purely neuralgic or nervous pain. To cure it, use Kline's Pain-Killing Magic Oil on the painful parts, and also in the hollow of the foot. If the blood be in a low state, a preparation of iron must be given at the same time—but the Magic Oil alone generally cures.

The Markets.

ST. ALBANS MARKET, Sep. 15, 1868.

WHEAT, dried, per lb.	50	1 00

Flour, per cwt.	45	52
Flour, per cwt.	4 50	5 50

BOSTON MARKET, Sep. 15.

Flour.—There has been a very dull feeling for Flour, the past week, and prices generally have eased off. The arrivals have been quite large, comprising about 60,000 lbs. for the week and stocks are rapidly accumulating, particularly in white wheat brands. While receipts continue on the same liberal scale there is not likely to be any reaction, although Flour is now lower on the seaboard than it can be produced at present prices of wheat throughout the West.

Grain.—The market has been very quiet for Corn since our last, and prices have not varied materially. The sales of Southern and Western yellow have been at 1 33 to 1 35; and Western mixed at 1 24 to 1 30 per bushel. Oats are rather dull and have been in moderate demand, with sales at 75 to 75 for common, and 80 to 85 for fair and good quality. Rye has been selling in small lots at 1 60 to 1 70 per bushel.

Hay.—The market for Hay is quiet and prices are not quite so firm. Sales at 16 to 24 per ton, as to quality, for Eastern and Northern.

Provisions.—There is a very firm feeling for Pork, and prices are a shade higher and tend upward. The sales have been at 21 to 25 for prime; 20 to 30 for middling, and 31 to 34 for clear. Beef is dull and has been in moderate demand at 10 to 15 for common mess; 18 to 21 for good mess; 21 to 22 for extra mess; and 23 to 25 for family extra. Lard is firm and has been in fair demand at 24 and 25 per pound, for good steam and kettle rendered, with sales of 300 a 400 packages at these prices. Smoked Hams have been in fair demand at 17 to 20 per lb. for Boston and Western and 21 to 22, for fancy Western. Dressed Hogs have been selling at 13 to 14 per lb.

Produce.—There is a very firm feeling for choice grades of Butter, and prices are higher, but low and medium grades are in better supply and easier. The sales have been at 40c a 43c for good and choice Vermont and New York dairies, and 35c to 40c for common to good, and Western and Canada range from 30c a 40c per lb. Cheese has been in fair demand at 13c to 15c for farmers' dairies, and 15c to 16c for factory. White Beans continue dull and prices have again eased off; sales of Blue Pod and Marrow at \$3.25 a \$3.75, and Extra Pea at \$3.75 a 4 per bushel. Canada Peas have been selling at 1 70 a 2 per lb. as to quality. Potatoes have been in very fair demand and prices have advanced with sales at 2 50 a 3 50 per bbl, although 3 is now about the outside price. Sweet Potatoes have been selling at 65c a 7 per bbl. Onions are scarce and rule at 3 25 a 5 50 per bbl. Eggs have been in fair demand at 28c a 30c per doz.
